Controls in place			
The use of PPE is to be considered a last option for control and should only be used where absolutely necessary			
Tasks shall be assessed to determine the use of PPE as a method of avoiding COVID-19 infection			
Where gloves are deemed necessary as PPE, they must be worn for relevant tasks only. Hand washing rules must be applied as per normal where gloves are not worn			
When gloves are being removed from hands, they must be removed in a manner to reduce direct hand contact with the outer surfaces of the gloves. Gloves should be disposed of and hands washed immediately using hot water and soap			
The use of face masks shall only be considered necessary if all other physical distancing methods cannot be implemented or if working in confined spaces e.g. 2m gap or back to back working.			
Face coverings will be encouraged where staff use public transport to get to work. Due to supply shortages, the use of 'surgical' masks is not encouraged
