COVID-19 Risk assessment 1 - PPE

Hazards?

- Infection spread by staff with symptoms of COVID-19
- Infection spread by customers with COVID-19
- Infection spread from surfaces and equipment infected with COVID-19

Who might be harmed and how?

- Visitors
- Customers
- Staff
- Suppliers

Controls in place

- All staff members to use face coverings at all times
- Tasks shall be assessed to determine the use of PPE as a method of avoiding COVID-19 infection
- Where gloves are deemed necessary as PPE, they must be worn for relevant tasks only. Hand washing rules must be applied as per normal where gloves are not worn
- When gloves are being removed from hands, they must be removed in a manner to reduce direct hand contact with the outer surfaces of the gloves. Gloves should be disposed of and hands washed immediately using hot water and soap
- Face masks shall be provided to all front of house staff members. Masks must be worn unless staff hold a face mask exemption. Face masks should cover the nose and mouth and be close fitting around the face.
- Back of house staff MUST wear face masks unless they enter front of house areas
- Disposable face masks will be changed regularly and re-usable face masks laundered at least daily
- Face coverings must be worn where staff use public transport to get to work. Due to supply shortages, the use of 'surgical' masks is not encouraged
- Training on the correct use of face masks, including how to put on and take off safely, will be provided to all staff members
